LOVE LIES BLEEDING (MA15+) NOW SHOWING at EASTEND and PROSPECT **New!**

From director Rose Glass (*Saint Maud*) and the producers of *Poor Things* comes a neon-noir set in rural New Mexico, 1989. Lou (Kristen Stewart) wastes her days working at a workout gym, doing her best to avoid past lovers and her criminally-connected father (Ed Harris). When Jackie (Katy O'Brian) shows up to pump iron, Lou is immediately drawn to her. Falling hard for one-another, the two loners plan an escape from their small-town lives until wicked forces threaten to blow up their plans. An electrifying fever-dream with a powerful sense of style, Glass' steamy and extreme thriller must be seen to be believed.

YOU'LL NEVER FIND ME (MA15+) NOW SHOWING at EASTEND **New!** (Filmmaker Q&A this Thurs)

Patrick, a strange and lonely resident, lives in an isolated mobile home. After a violent storm erupts, a mysterious young woman appears at his door, seeking shelter. The longer the night wears on and the more the young woman discovers about Patrick, the more difficult she finds it to leave. She begins to question his intentions, while Patrick begins to question his own grip on reality. With dynamic performances from leads Jordan Cowan and Brendan Rock, rising indie talents Indianna Bell and Josiah Allen's feature directorial debut has found festival success at Tribeca, Sitges, MIFF & picked up Best Feature Film at SXSW Sydney.

MOBILE SUIT GUNDAM SEED FREEDOM (PG) NOW SHOWING at EASTEND **New!**

In C.E.75, the fighting still continues. There are independence movements, and aggression by Blue Cosmos... In order to calm the situation, a global peace monitoring agency called COMPASS is established, with Lacus as its first president. As members of COMPASS, Kira and his comrades intervene into various regional battles. Then a newly established nation called Foundation proposes a joint operation against a Blue Cosmos stronghold. The film is a sequel to both *Mobile Suit Gundam SEED* and *SEED Destiny*, taking place one year after the events of *M.S.G. SEED Destiny*.

THE GREAT ESCAPER (M) NOW SHOWING at EASTEND and PROSPECT

Living legend Michael Caine plays Bernard Jordan who in 2014 made global headlines when staged a 'great escape' from his UK old age home to join fellow war veterans in France commemorating the 70th anniversary of the D-Day Landings. It's a story that embodies the defiant, "can-do" spirit of a generation that was fast disappearing. Bernie's adventure, spanning a mere 48 hours, also marked the culmination of his 60-year marriage to Rene (the final role for Glenda Jackson, *Sunday Bloody Sunday*). It's a wonderful last hurrah for Jackson and there is something moving and even awe-inspiring in seeing these two British icons together.

DUNE PART TWO (M) NOW SHOWING at EASTEND and PROSPECT

It's time for the spice to flow again. Director Denis Villeneuve (*Arrival*) returns to the desert planet of Arrakis for the mind-blowing second chapter of *Dune*. Timothée Chalamet is back as Paul Atreides, now on a revenge-driven journey against his ruling family's killers. We knew that Zendaya as Chani would have a larger role to play in *Part Two*. It's going to be them against the Empire in this sequel. Luckily, Atreides has desert-power on his side. Christopher Walken and Austin Butler join the cast with returning stars Javier Bardem, Rebecca Ferguson and Stellan Skarsgård & Dave Bautista as the villainous Harkonnens.

ANATOMY OF A FALL (MA15+) NOW SHOWING at EASTEND and PROSPECT

Written and directed by Oscar-winner Justine Triet, *Anatomy of a Fall* is the **Winner of the Palme d'Or** at the 2023 Cannes Film Festival as well as **Best Foreign Language Film** at both the **Golden Globes** and **Critics' Choice Awards** and got **6 European Film Awards** including **Best Film**. In this psychological thriller, a celebrated writer (Sandra Hüller, *Toni Erdmann*) is put on trial when her husband falls to his death from their secluded chalet. Their blind son faces a moral dilemma as the sole witness. What starts as a murder investigation soon becomes a gripping journey into the depths of a destructive marriage.

THE HOLDOVERS (M) NOW SHOWING at EASTEND and PROSPECT

Everyone finds teacher Paul Hunham (Paul Giamatti, *Billions*) pompous and rigid. He remains at his school to supervise students unable to journey home over the 1970 Christmas holidays. After a few days, only one student holdover remains - a trouble-making 15-year-old named Angus (Dominic Sessa). Joining them is head cook Mary (**Academy Award Winner** Da'Vine Joy Randolph). These three very different shipwrecked people form an unlikely Christmas family in the latest film from director Alexander Payne (*Sideways*, *The Descendants*).

THE ZONE OF INTEREST (M) NOW SHOWING at EASTEND and PROSPECT

Jonathan Glazer's (*Under the Skin*, *Sexy Beast*) breath-stopping Cannes and BAFTA award-winner is a hypnotic and strikingly original film that dismantles human darkness in the face of evil. The commandant of Auschwitz, Rudolf Höss, and his wife Hedwig (Sandra Hüller, *Anatomy of a Fall*), strive to build a dream life for their family in a house and garden next to the camp.

FORCE OF NATURE: THE DRY 2 (M) NOW SHOWING at EASTEND and PROSPECT

Director Robert Connolly reunites with author Jane Harper and star Eric Bana for their follow-up to the Australian box office hit *The Dry*, *Force of Nature*. A team-building retreat undertaken by five business-women in the remote Victorian wilderness goes horribly awry when one of them is declared missing. Suspecting foul play, Federal Police Agent Aaron Falk (Bana) begins his own investigation as search teams race against time in an inhospitable and dangerous landscape. Co-starring Anna Torv, Deborah-Lee Furness, Jacqueline McKenzie and Richard Roxburgh.

ALL OF US STRANGERS (MA15+) NOW SHOWING at EASTEND and PROSPECT

Andrew Scott (*Fleabag*) and Paul Mescal (*Aftersun*) star in acclaimed ethereal romance *All Of Us Strangers*, directed by Andrew Haigh (*Weekend*, *45 Years*). Living alone in contemporary London, writer Adam (Scott) has a chance encounter with a neighbour Harry (Mescal), which punctures the rhythm of his everyday life. Preoccupied with memories of the past as he works on a screenplay inspired by his life, Adam is drawn to the childhood home where his parents (Claire Foy, Jamie Bell), appear to still be living, just as they were on the day that they died, 30 years prior.

WICKED LITTLE LETTERS (MA15+) STARTS MARCH 21 at EASTEND and PROSPECT

A 1920s English seaside town bears witness to a farcical and occasionally sinister scandal in this riotous mystery comedy. Based on a stranger than fiction true story, *Wicked Little Letters* follows two neighbours: deeply conservative local Edith Swan (Olivia Colman) and rowdy Irish migrant Rose Gooding (Jessie Buckley). When Edith and fellow residents begin to receive wicked letters full of unintentionally hilarious profanities, foul-mouthed Rose is charged with the crime. The anonymous letters prompt a national uproar, and a trial ensues. Police Officer Gladys (Anjana Vasani) begins to investigate and Rose may not be the culprit after all.

Advance Screening this Sunday at Eastend - see back panel
